

Canvas/Open Top Cement Basket

Open Top Cement Baskets consists of heavy duty liners concentrated to staves and fabricated using high strength, flexible steel bows that are mounted on the steel slip-on end collar. The baskets are not duplicated and occasionally allow travelling the length of the joint to allow pipe movement. The cement basket has better ability to adapt to the bore hole and can accommodate larger than nominal hole sizes.

Features

- Special Iron Phosphate coating process to prevent from Rust and insures stocking in the open for a long time.
- Its design allows cement to flow in an upward direction, yet helps to prevent it from falling downward.

Available in 4 1/2" to 20" sizes. Any special sizes or combination can be made available on request.
