

## Slip on Welded Cement Basket

Slip on Welded Cement Basket is designed with Flexible Bow Springs, heat-treated under controlled conditions for maximum strength. The circulation is not restricted whenever in the process of running casing, during lifting and lowering or in the half way.

### Features

- Special Iron Phosphate coating process to prevent from Rust and insures stocking in the open for a long time.
- Can be used with relevant casing
- Its design allows cement to flow in an upward direction, yet helps to prevent it from falling downward.

*Available in 4 1/2" to 20" sizes. Any special sizes or combination can be made available on request.*
